

Coaching Skills for Leaders

Train the Trainer – Lincolnshire

This programme is designed to train individuals from within the Lincolnshire Sustainability and Transformation Partnership (STP) footprint to deliver the East Midlands Leadership Academy (EMLA) Coaching Skills for Leaders two day leadership development programme.

To support the Lincolnshire STP we are looking for leaders to change the quality of the conversations within their teams using a coaching approach. The use of coaching tools and techniques as part of your leadership style is a proven way of improving staff engagement, performance and motivation.
